

VENUS

**EVENSTAR**

7

The Evenstar begins to appear in the night sky as twilight descends upon the earth. This drink mimics Venus' silver-pink sparkle, combining the temptation of apple, sharp blackberry-infused gin and silky almond syrup. Set atwinkle, with a splash of rose lemonade.

CHERRI BERRI COŞMO

6

A fresher, fruitier take on this classic "pink drink". Cranberry and lime juices, spiked with Skybar Blackberry Gin and Stoli Wild Cherri and shaken to chill. While it looks light, there's still plenty of kick for the hardened "cosmonaut".

NEPTUNE

**BLUE MARBLE**

6

Does exactly what it says - echoing this planet's appearance by being large, round and BLUE! Dry gin, orange liqueur and lemon juice are complimented with herbal rosemary syrup. Shaken hard to give a thick, foamy head, and cut through with a splash of soda. Garnished with a goldfish.

SALTED CARAMEL SIDECAR

9

A sweetened, subtle take on the Sidecar. Using house-made caramel syrup and a touch of sea salt to enhance the flavour, we shake with Courvoisier cognac, Cointreau and fresh lemon to balance. Once you try it, you'll never look back.

TASTING THE STARS

4

Dom Pérignon supposedly uttered the phrase "Come quickly, I am tasting stars" when first tasting champagne. We know that's probably not true, so there's sparkles and citrus, but no champagne here.

MERCURY

**A MESSAGE FROM THE GODS**

7

This Asian-influenced, aromatic "message" is an important one, containing pear, lychee, and ginger, spiked with a measure of vodka and garnished with a sliver of pear parchment.

ICARUS COCKTAIL

6

The man who flew too close to the sun, wax-winged Icarus gives his name to this South American Aviation twist; Peruvian brandy, violette and maraschino cherry liquors, given a lift with a sweet-sour mix of lemon and sugar. Astro-lemon garnish.

MARS

**THE RED PLANET**

8

Mimicking Mars' colour scheme, The Red Planet combines rich raspberry-balsamic shrub with gold rum, for a tongue-tingling balance of sweet, sour and supple texture. Further enhanced by a topping of raspberry foam, to add an unexpected lightness.

SKYBAR GIN & TONIC

7

Our Skybar signature twist on a Spanish-style "Gin-Tonic". We pour a large measure of our house-infused Blackberry Gin into a ballon glass (a copa de balon), filled with ice. We garnish with blackberries, squeeze tart, fresh lime into the mix, and finish with Fentiman's Tonic.

PLUTO

**NEW HORIZONS**

11

The New Horizons probe spent 9 years travelling to the farthest reaches of our Solar System. We pay tribute by slowly stirring Woodford Reserve bourbon with two types of bitters, and our custom-made Starman Syrup. Finished with an aromatic grapefruit wheel.

AMISTAT

8

Created for the Bacardi Legacy 2016 competition, by our friend Oliver Pluck (UK). Amistat means "friendship" in Spanish, and what better way to honour our distant neighbour than with such a creation? Bacardi 8, Kahlua, Woodford Reserve Bourbon and sweet sherry are stirred down with bitters and finished with an orange twist. #askforamistat.

MOLTEN MARGARITA

4

A sweet-and-spicy, virgin twist on a mouthwatering Mexican classic.

EARTH

**LITTLE GREEN MEN**

7

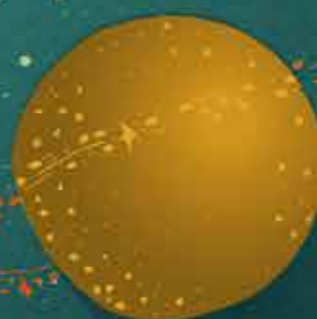

Served in a vessel believed to have been recovered from the ruins of an alien spacecraft (don't ask how we got hold of it...). All you need to know is this is delicious, herbal, full of rum and weirdly blue-tinted.

MEAD MULE

6

A super-simple local twist on an all-time favourite, the Moscow Mule. We exchange the vodka with Suktinis (high-strength, Lithuanian mead nectar), squeeze a few limes in and top with ginger-beer. Sweet, sour and nicely spicy.

SATURN

**MEAD ME IN THE SKY**

6

A sparkling celebration of local produce. We shake Suktinis Mead Nectar with zesty lemon and sugar, serve in a crystal flute and finish with a rich, honey-beer foam. Delicious and decadent.

SKYBAR SPRING PUNCH

8

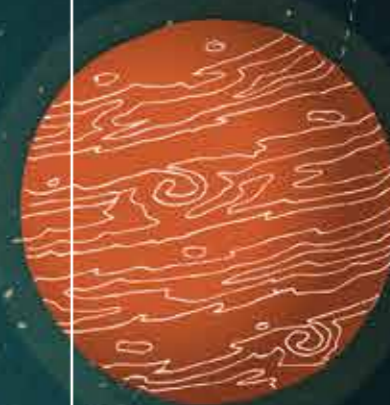

Our tribute to the late, great, Dick Bradsell. Inventor of the Pink Chihuahua, Bramble, Espresso Martini and many more, as well as a true master of the art of hospitality (and a bit of a rebel). We've given you our interpretation of his Russian Spring Punch, with Stolichnaya Vodka, Skybar Cherry Brandy, lemon, sugar and prosecco. Here's to you, Dick.

LIGHTSPEED SMOOTHIE

5

Energy bomb, packed full of goodness to ready you for a fast-moving day.

JUPITER

**LIGHTNING PUNCH**

29

A rum punch fit for the greatest planet in the solar system. Our lightning punch combines guava, pineapple, lemon and lime juices, our house-spiced Starman Syrup and lashings of rum and bitters. Serves 2-4 astro-adventurers.

GOD OF THUNDER

19

It's well known that thunder is less dangerous than lightning. This cocktail made for two or more is a super-sized twist on a tropical Skybar classic. Tangy lime and passionfruit are blended with rum, mango and mint. Finished with a pair of spiced rum storm clouds for you and your partner to get party started!

URANUS

**THE ICE GIANT**

8

Crisp cucumber and tropical coconut combine in this frosty, tequila-laden slushie. We serve in a large glass and sprinkle a touch of stardust to finish.

DIGESTIF DAIQUIRI

7

Combining the classic Daiquiri flavours of rum and lime, with a splash of sugar syrup, bittersweet, herbal digestif Fernet Branca and crisp, fresh mint. Shaken and served ice cold and straight up, garnished with an astro-lime. An after-dinner delight!

MERCURY

The closest planet to the Sun, named for the Roman god of eloquence, trade and travel.

VENUS

The goddess of love and beauty, represented in liquid love-potion form with these sweet 'n' fruity, rose-tinted drinks.

EARTH

Our tiny home, covered with rich, lush greenery and endless blue oceans. Tall, refreshing drinks to quench your thirst.

MARS

Earth's dark, brooding, scarlet neighbour. Rich and indulgent, full of berries and tinged with mouthwatering bitterness.

JUPITER

King of the Gods, God of The Sky, Jupiter, the largest planet in our Solar System inspires these giant cocktails to share (or not...)

SATURN

The gas giant gives its name to these bubbly cocktails, as well as our favourite day for some weekend indulgence - Saturday!

URANUS

A frozen, distant ice planet, bringing us cool and crisp drinks, perfect to cleanse the palate.

NEPTUNE

A frozen, icy gas planet, named for the Roman god of the sea, with drinks inspired by both.

PLUTO

In the far reaches of the Solar System, we find some truly treasured beverages. For the experienced explorer or intrepid experimenter.
